From the President

Welcome

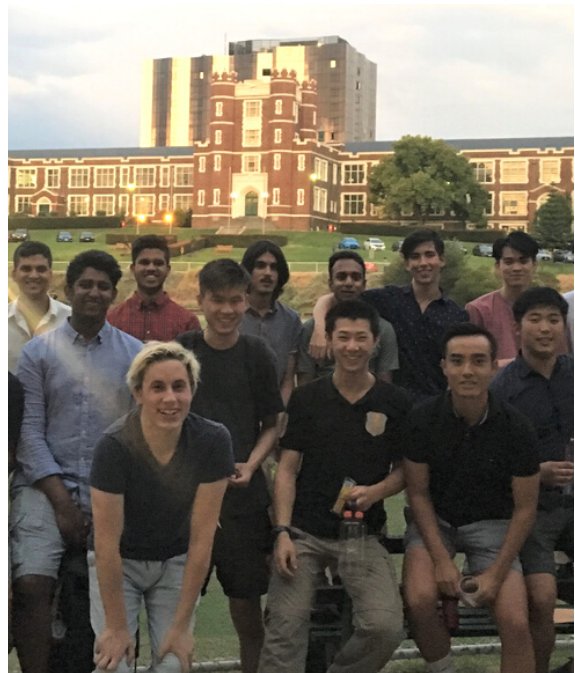

MHSOBA Inc. is the guardian of the ethos of Melbourne High School, providing lifelong connections with the school and encouraging involvement of its members for life.

Founded in 1907, our primary aim has always been the welfare of the school. Each year we grant scholarships and award academic and general prizes to successful students.

We are also instrumental in raising funds to assist the school on various building projects and help give current students the best possible education.

At every opportunity the Association does what it can to uphold the school's tradition and status in the community.

Colin Axup, President MHSOBA Inc.
